Coaching and Development.

I mentioned previously that YCCGBA are looking to help districts with qualified coaches in our County this will assist with the back to bowls campaign.

I attach a flyer which gives details of the coaching qualifications. To help with this YCCGBA will make a bursary available to one person from each district association on successful completion of the level one coaching award. YCCGBA will contribute £ 65 towards the £ 130 cost. If funds are available we would encourage districts to make up the balance of the qualification cost.

In the first instance please give names and contact details to your district secretary before 10th April 2021, and then forwarded to me on the same date.

If any district does not take up this offer then the YCCGBA contribution will be available to another district. If we get enough names then the course may be available locally.

Development Officer.

A notice about the role of Development officer for YCCGBA is attached can you please ensure ALL bowlers are aware of this. We are the only County Association without a dedicated development office although I am aware several districts have a similar role. Expenses will be made available and the aim is for the Development officer to head up a small team throughout the County

Keep safe everyone
